## What is Cardinal Care Smiles?

**Cardinal Care Smiles** is Virginia's dental program for Medicaid, FAMIS or FAMIS Plus. Members enrolled in **Cardinal Care Smiles**, 20 years of age and younger, receive comprehensive dental benefits. Comprehensive dental benefits are also provided to adult pregnant members enrolled in Medicaid and FAMIS MOMS and Medicaid members over age 21.

The **Cardinal Care Smiles** program has no costs for covered dental care services. **Cardinal Care Smiles** is a program provided by the Commonwealth of Virginia's Department of Medical Assistance Services (DMAS) and is run by DentaQuest.

---

## Enrollment

Once Medicaid, FAMIS or FAMIS Plus eligibility has been determined enrollment in the program is automatic. You do not need to do anything special to enroll in the program.

There is no special **Cardinal Care Smiles** dental card. You may use either the Commonwealth of Virginia plastic ID card or Managed Care Organization (MCO) member ID card (Aetna Better Health of Virginia, Anthem HealthKeepers Plus, Molina Healthcare, Sentara Community Plan or United Healthcare) for all dental care.

**Cardinal Care Smiles will only pay for dental services while the member is enrolled in Medicaid.**

**REMEMBER, IT IS VERY IMPORTANT** to tell your local Department of Social Services right away if you move, change your address or to report any change that affects Medicaid eligibility. If they do not have a correct address then you will not receive up to date information about dental coverage and eligibility will be canceled.

If Medicaid, FAMIS or FAMIS Plus enrollment ends, you will receive a letter indicating that your benefits have ended. The program will not pay for any dental services after the end date on the letter. You will have to pay for any services received after the end date on the letter.

# Services Covered by Cardinal Care Smiles

## Services for Children

**There are no costs for a child's covered dental care services in the Cardinal Care Smiles program.**

**Cardinal Care Smiles** members under age 21 are covered for all medically necessary dental services, as well as orthodontic (braces) procedures provided by a participating dentist. Dental services include relief of pain and infection, restoration of teeth, and maintenance of dental health. An oral screening may be part of a physical exam a child gets from the doctor, but it does not take the place of the exam by the dentist. Medicaid recommends that a child's doctor refer the child to a dentist beginning at age 1 and sooner if necessary.

Routine exams are visits to the dentist for a dental "check-up". The dentist will look in the child's mouth to see if other dental services are needed and will check to be sure that the child's teeth, gums and the bones supporting the teeth are healthy. Sometimes, the dentist will clean the child's teeth and take X-rays if needed at the same time as the check-up. Dental check-ups are an important part of a child's overall health, and should be done every 6 months.

Some of the other services that are available to children include:

- Fluoride (every 6 months)
- Sealants
- Cleanings (every 6 months)
- Space maintainers
- Extractions (tooth pulling)
- Anesthesia
- Crowns (some caps)
- Braces (if approved)
- Root Canal Treatments
- X-rays (when necessary)
- Fillings
- Oral Disease Services

The child's dentist will tell the parent, or guardian, whether or not a service is going to be paid by **Cardinal Care Smiles** before they treat the child. Participating dentists cannot bill the parent or guardian, for services covered under the program, as long as the child remains eligible.

If a child receives services from a dentist who is not enrolled in **Cardinal Care Smiles**, the parent or guardian, will have to pay the bill. Try to use a Dental Home dentist for most of the child's dental care. A Dental Home is a dentist the child sees regularly every 6 months. The Dental Home dentist can refer the child to a specialist.

## Adults (members age 21 and over) who are not currently pregnant

**Cardinal Care Smiles** will provide dental benefits to adults in Medicaid. Dental coverage for adults enrolled in Medicaid will focus on overall oral health, prevention and restoration.

These services may include the following:

- X-rays and examinations
- Cleanings
- Fillings
- Root canals
- Gum related treatment
- Dentures
- Tooth extractions and other oral surgeries, and
- Other appropriate general services such as anesthesia
- Braces not covered

### How Can Adults Enrolled in Medicaid Find a Dentist?

**Option 1:** Visit the website at **DentaQuest.com**

**Option 2:** Call the **Cardinal Care Smiles** program at 1-888-912-3456. A representative can even help members make an appointment. The call center is available 8 a.m. - 6 p.m., Monday through Friday.

### How Can Adults Use Cardinal Care Smiles?

When you call to make an appointment, be sure to tell the dental office that you are a **Cardinal Care Smiles** member. Remember to write down the date and time of the appointment.

On the day of the appointment, be sure to bring your Medicaid card – it's either blue and white or it's your MCO ID card. The dentist needs to see this card at every visit to check that you are still eligible for the program. If you're going to a new dentist, please ask the old dentist to send your dental records to the new dentist.

## Pregnant Members

Pregnant members who are 21 years old and older in Medicaid or FAMIS can get dental benefits. These dental benefits will be available through the **Cardinal Care Smiles** program. Benefits include cleanings, exams, fillings and crowns. Root canals, X-rays and anesthesia are also covered. Braces are not covered. These benefits will stop at the end of the 12th month after you have had the baby.

Pregnant members who are under 21 years old can get full benefits through Virginia's **Cardinal Care Smiles** dental program. Braces are included if qualified.

## Transportation Services

Adults will be able to access non-emergency transportation services to receive dental care. Transportation for adults who are enrolled in a managed care organization (MCO), with the exception of those enrolled in FAMIS, will be provided through their MCO. Transportation for adults in fee for service will be provided by ModivCare (formally LogistiCare), the DMAS' FFS transportation broker. FFS and MCO Non-Emergency Medical Transportation (NEMT) contact telephone numbers for reservations and ride assist can be found at: [dmas.virginia.gov/#/nemtsservices](https://dmas.virginia.gov/#/nemtsservices) by clicking on Transportation Contacts for Reservation and Ride Assist/Customer Service.

The telephone numbers can be found at: [dmas.virginia.gov/#/nemtsservices](https://dmas.virginia.gov/#/nemtsservices) – please click on “Transportation Contacts”

## How to Find a Dentist

### How to Find a Dentist Using Our Website

Members should only visit dental providers enrolled in the **Cardinal Care Smiles** program. The names of all dentists and dental specialists in the **Cardinal Care Smiles** program are available online at DentaQuest.com.

Your state will be listed in the first drop-down menu on the home page. Pick the type of plan and choose your plan in the other drop-down menus. Then click on Find/Change dentist.

View Results:

- View search results by provider or office.
- If needed, change the items listed under Location & plan and Filters. Click on Update results.
- View details to learn more about the provider or office.
- View on map or use an icon in the interactive map to see provider or office location information. The numbers on the icons show how many providers are at the location.

**Note:** If your state is listed as the location, all results will be located in the center of the state.

The map will only show the first 10 results of your search. To see more results, continue on to the next page.

Click on the View Details button to see plans accepted, specialties, languages spoken and office hours are just some of the details shown. Click on Back to Search Results to go back to the results list.

For additional information on which dentists or dental specialists you can go to, please contact the **Cardinal Care Smiles** program at 1-888-912-3456. They can help find the closest dentist that participates in the program. They will even help you make an appointment with a dentist.

When you call the **Cardinal Care Smiles** program, you should have these items ready:

- Pen or pencil
- Your address including zip code
- The Commonwealth of Virginia blue and white plastic ID card or your or a child's MCO member ID card

Tell them that you or a child is a **Cardinal Care Smiles** member. You will receive the names of several dentists in your area.

## Making Dental Appointments

When you call the dentist to make an appointment, you should have these items ready:

- Pen or pencil
- You or the child's Commonwealth of Virginia blue and white plastic ID card or
- You or the child's MCO member ID card
- A calendar

Tell the dentist's office that you or the child is a **Cardinal Care Smiles** member and that you would like to make an appointment to see the dentist. See which dates and times work best for you. Write down the appointment date and time on your calendar.

When the date of the appointment comes, just go to the dentist's office. It is that easy. If you have been going to a different dentist, please ask the old dentist to send the dental records to the new dentist.

Broken appointments are no laughing matter!

**It is your responsibility to show the Identification card to providers at the time you go for services and to be sure the provider accepts payment from Cardinal Care Smiles.** Report the loss or theft of your Medicaid Identification card to the local Department of Social Services, the FAMIS CPU or loss of your MCO card to your Managed Care Organization (MCO) right away.

It is very important to make sure that you go to your scheduled appointments. If you are not able to keep the appointment, call the dentist office as soon as possible to let them know you will not be coming. At that time, the dentist can schedule another appointment for you to make sure that you or the child are getting the proper dental care. Dentists may no longer want to see you or the children in their office if you miss your appointment.

Show the blue and white ID card or your MCO ID card **each time you go to the dentist** so that your dentist can verify eligibility status. If you do not take the cards, you can be billed.

---

## What to Do in an Emergency

You or a child can also see a **Cardinal Care Smiles** dentist for emergencies. You should ask your dentist how to contact him or her in an emergency. Your dentist may have a different telephone number to call in an emergency.

If you are away from home during an emergency, you may contact DentaQuest for help finding a participating dentist in the area. If you are not able to call DentaQuest, take a child to the hospital, if necessary. Remember to show the Member ID Card.
